"Touch people, Touch hearts"

Mmemogolo, You were always close to us in your presence, your counsel and your strength.

From you, I learned how great you can be by staying simple. You were with us in the Netherlands and had a plan to visit the Netherlands again in 2021.

Together with you, we have carried out projects in Freedom Park, Kanana and Phokeng. You were always ready to give your wise advice on the execution of projects. Your attention was much

like ours to support children and empower women. The highlight in our February 2020 wedding was your presence together with Tubi.

We talked a lot and spent time together. When we were staying with you once, we were not allowed to leave earlier after we had first consumed the breakfast prepared by you.

Mmemogolo, "Great Mother", but for us a special person, a "Great Girlfriend".

We will carry your name with pride and reverence in our hearts and continue to tell how special you were as a human being with a function of Queen Mother. This did not place you on a pedestal but placed you under and among the people.
