Your Majesty, King Leruo Tshekedi Molotlegi,

The passing away of your Majesty's beloved mother, the Queen Mother Semane Bonolo Molotlegi, is a big loss not only for your Majesty, the Bafokeng and Bamangwato Royal families but also for all the peoples of Southern Africa and indeed of the world at large. She left us too soon!

We all shall miss her dedication to the cause of world children's rights. We shall miss her motherly guidance for the consolidation of the unity of her nation and its solidarity with all the other nations of our Region .We shall miss her great and persistent contribution in the building of a better world for the girl child, an essential element for the development of all nations of the world. However we rest consoled by the fact that we are convinced that the rich education and example of her dignified life she left with her Community, particularly with the Royal Family, shall continue to inspire and guide them in their continued efforts to bring about and sustain their development and that of the other communities surrounding the Royal Bafokeng and beyond.

On behalf of my family and on my own behalf, I convey to Your Majesty, the Royal Family and to all Bafokeng Community our deepest Sympaty in this grieving time.

May God receive her soul and put it to rest in peace in His heavenly Mansion!

Joaquim Alberto Chissano

**To: His Majesty, King Leruo Tshekedi Molotlegi**

**Royal Bofateng**
